

Call for Proposals

The Dupont Summit on Science, Technology, and Environmental Policy 2024

Virtual Conference
Friday December 6th, US Eastern Time

**More information, including programs and videos from previous years
at: <https://bit.ly/dupont24>**

The Policy Studies Organization invites you to submit a proposal for the upcoming conference. The purpose of the event is to promote interdisciplinary conversation about pressing issues related to the politics and policy of science, technology, and the environment. The conference mirrors the interest of the PSO and its partners in promoting conversation about current policy concerns. Presented every year on the first Friday of December, the conference brings together academics, government, business, and social leaders from a variety of backgrounds.

We seek proposals on topics that include but not limited to:

- Cybersecurity
- Energy
- National Security
- Information and Telecommunications
- Climate Change
- Biotechnology
- Intellectual Property
- Resource Management
- Science Research and Education
- Innovation
- Ethical, Legal, and Social Implications
- Health
- Big Data

We welcome proposals for individual presentations, panels, roundtables. Other suggestions in terms of topic and format will be most welcome.

To submit, please send your proposal (1-2 pages) to the PSO Executive Director Daniel Gutierrez at dgutierrez@ipsonet.org. Your proposal should be a summary of your intended topic.

The event is co-sponsored by the Policy Studies Organization, the [*Review of Policy Research*](#) journal, the [*Security and Intelligence Studies*](#) journal, the [*Journal of Critical Infrastructure Policy*](#), the [*World Medical & Health Policy journal*](#), the [*Risk, Hazards & Crisis in Public Policy*](#) journal, the [*Policy & Internet*](#) journal, the [*American Public University System*](#), and the [*APUS Center for Cyber Defense \(CCD\)*](#).
